01. Introduction

Management Philosophy

PT. Fuji Seat Indonesia strives to earn the admiration of people world wide through the development and manufacture of seats and interior accessories for innovative vehicles.

*C*ustomer First
*I*ntegrity
*N*ever Give Up
*T*otal Respect
*A*ccountable

Our CORE Value 「Ai」

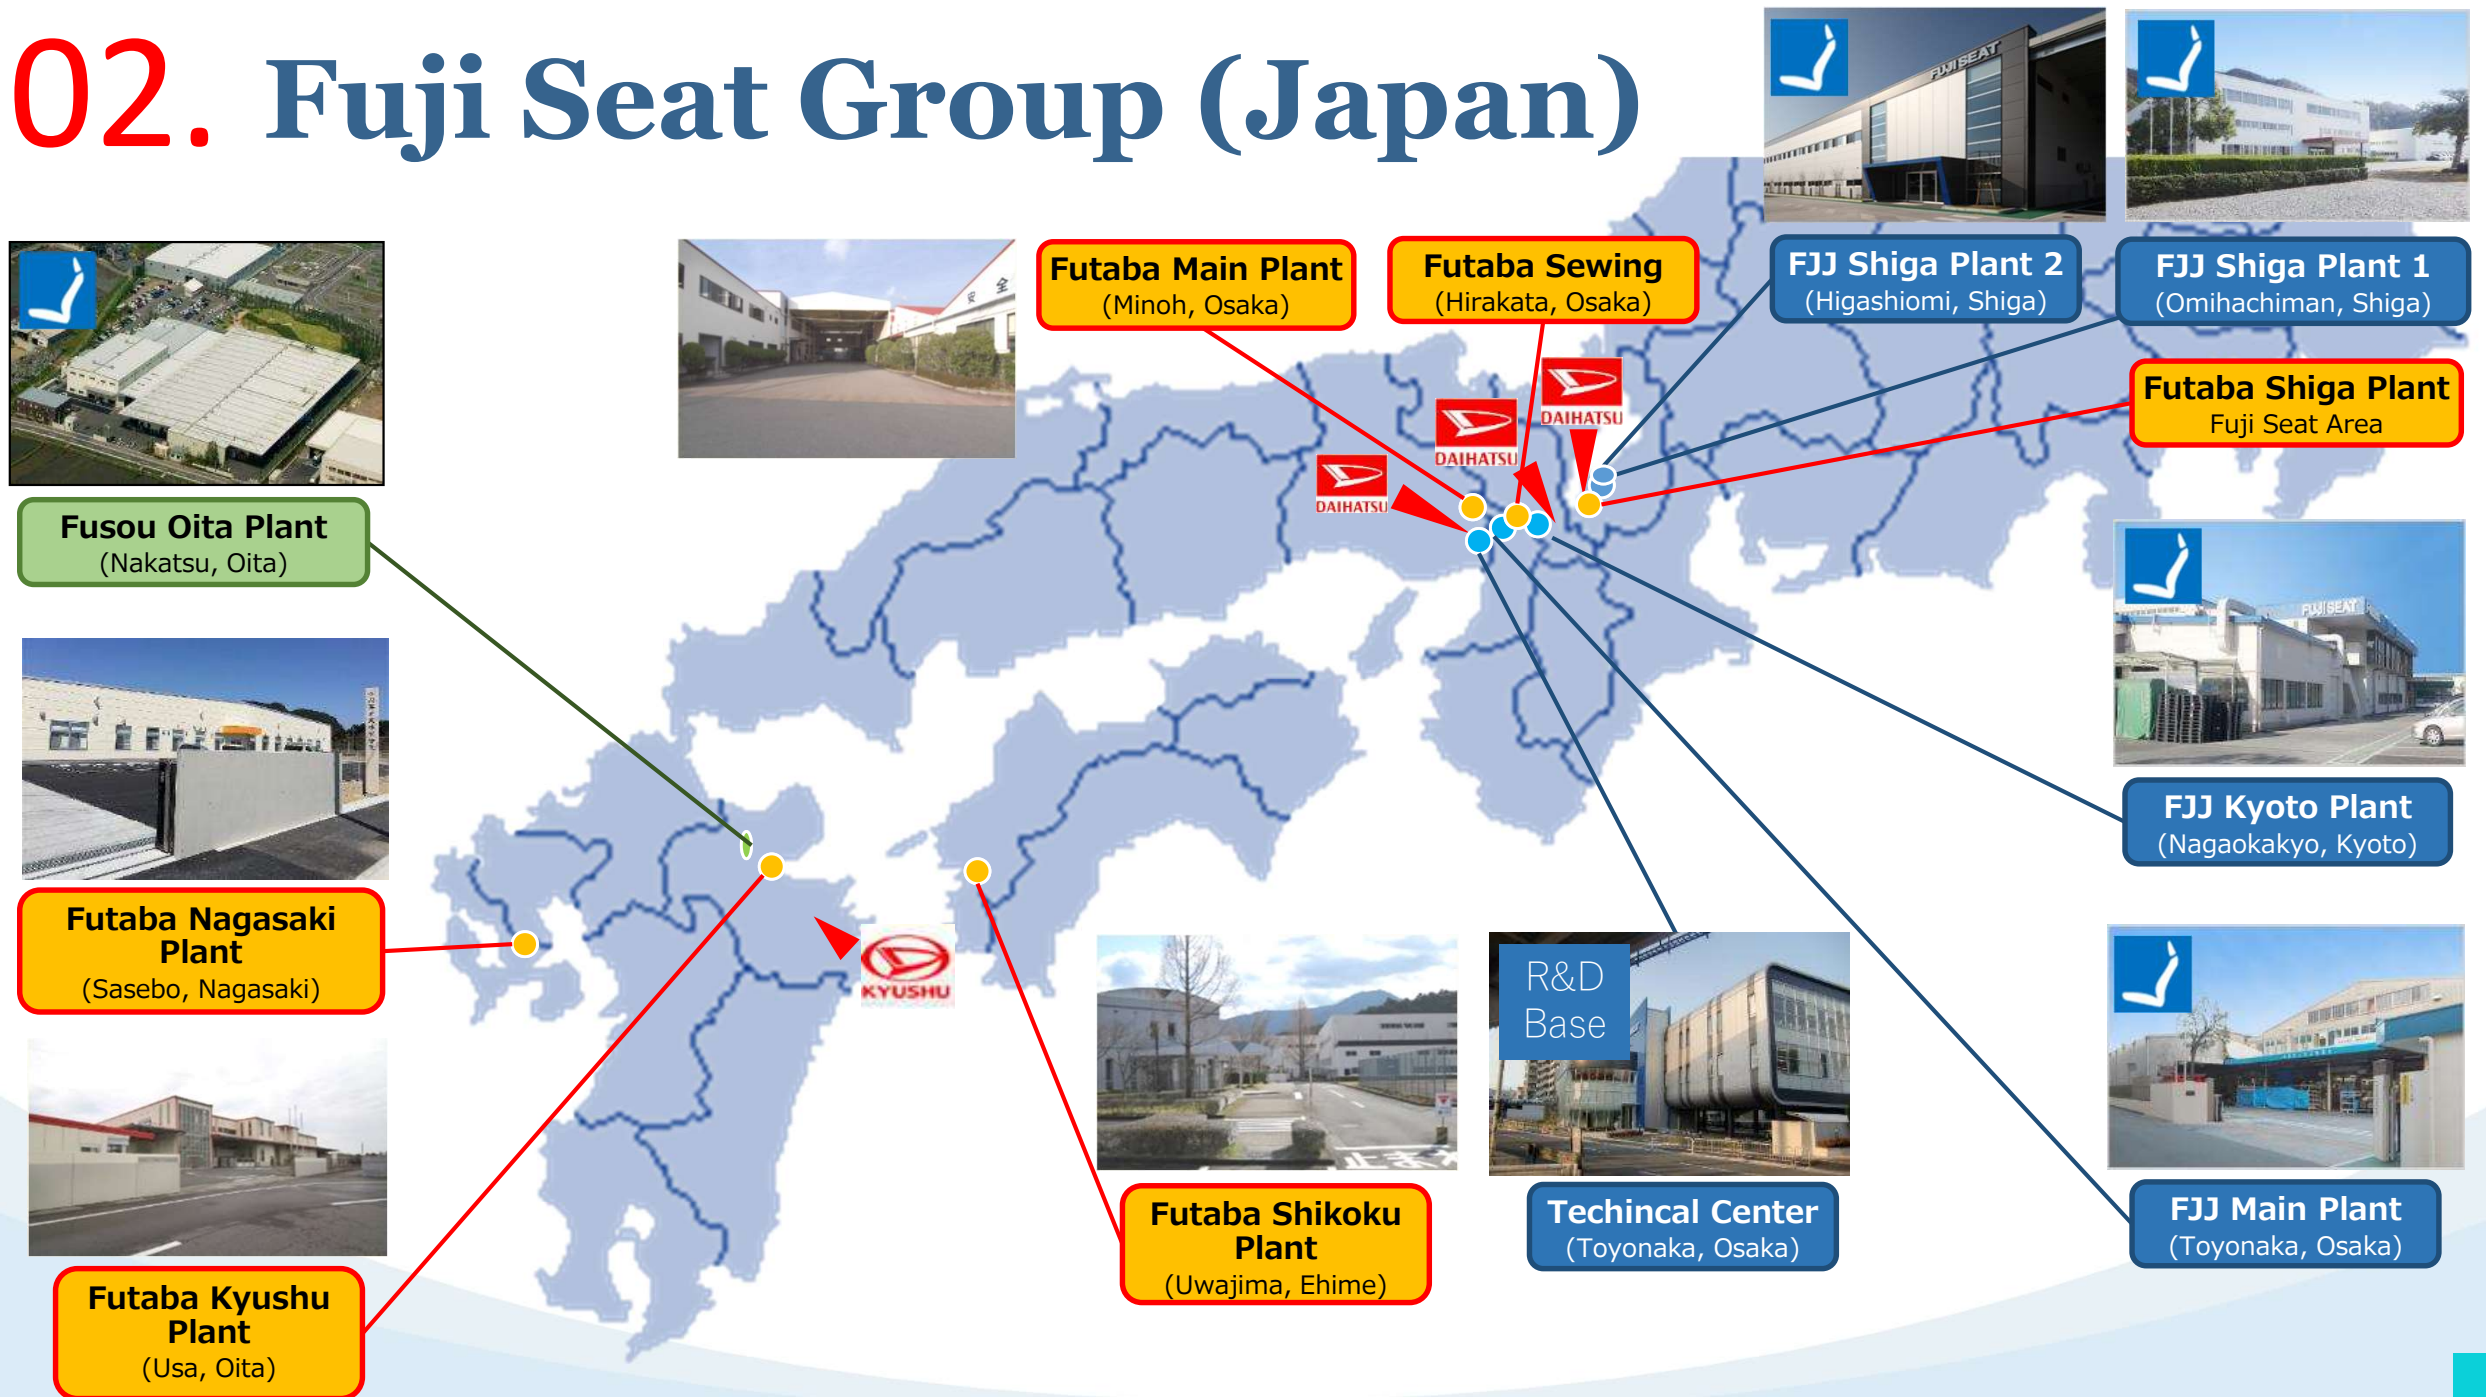

- ※ **I** in English means :
 - Every worker can act proactively.
 - Create an environment where employees can take action.
- ※ 「**Ai**」 in Japanese means :
 - Loves workers.
 - Increase business income and strive to become a company loved by customers and communities throughout the world.

*PT. Fuji Seat Indonesia (FJI) is a foreign company producing car-seats for **PT. Astra Daihatsu Motor (ADM)** and **PT. Toyota Motor Manufacturing Indonesia (TMMIN)** as a leading automotive company in Indonesia, with a production capacity of more than 2000 seats per day and employing about 2000 workers (2022).*
